489-O GHOST LUBE

Accu-Labs 489-O GHOST LUBE is a special purpose lubricant, with excellent evaporating qualities, specifically developed for the metal stamping and metal working industry. Accu-Labs 489-O GHOST LUBE is a low viscosity organic lubricant FREE of chlorinated waxes and sulphonated or sulphurized oil. The SPECIAL properties of Accu-Labs 489-O GHOST LUBE leave working surfaces RESIDUE FREE and ready for subsequent processing.

Application:

Accu-Labs 489-O GHOST LUBE is an economical lubricant that may be used successfully on Copper, Brass, Aluminum, pre-painted and pre-plated steel, tin coated steel and galvanized steel in most light duty stamping, blanking, forming and drawing operations. Accu-Labs 489-O GHOST LUBE may be used in other processes where its evaporating properties would be beneficial.

Properties

Accu-labs #489-O Ghost Lube is an excellent clear lubricating oil that evaporates from the work on exposure to air and is non-staining to most metals and plastics. Accu-Labs 489-O GHOST LUBE is comparable to mineral oil and inexpensive cutting oils in lubricating value, is odor FREE and leaves machines and work areas clean.

Procedure:

Accu-Labs 489-O GHOST LUBE is used as is, and may be applied to the work as would any conventional lubricating oil. Accu-Labs 489-O GHOST LUBE may be sprayed, wiped on, spread with felt pads, rolled or brushed on.

SAFETY: Always wear personal protective gear when using this product; read MSDS prior to use.
